

Provide a Lifetime of Independence NEADS Doggie-Dorm Program

In one year, approximately five dogs will live in one of our Doggie-Dorms while they learn their custom skills to provide independence to people with disabilities. With a \$3,500 tax-deductible donation to NEADS, you can sponsor one of our Dorms for 12 months.* Your sponsorship will provide fun toys, nylabones, special treats and beds for the dogs that reside in the dorm you sponsor.

Each dog is greeted by our staff as they arrive on campus. We take their photos and will then send it to you so you can see how they settle-in to their dorm.

You will receive invitations to the dog's graduation ceremony. **Best of all, by supporting multiple dogs in a dorm, you will be part of NEADS Nation.**

Please provide us with the name you choose for your sponsored Doggie Dorm. For example, you may use your name or where you live.

*Your donation provides a home for the dogs that reside within the dorm of your choice for one year from signup date. Please understand that we do, at times release dogs that do not have the right temperament to be Service Dogs to loving homes (Furloughed Favorites Program). By sponsoring a dorm, you do not own or retain any ownership rights to our dogs.

Funds donated to sponsor a dorm cannot be restricted for a specific client or Service Dog discipline (*i.e. hearing dog, service dog, canine for combat veteran*).
