

# NEADS World Class Service Dogs change lives

## THE NEADS VETERINARY CLINIC AND EARLY LEARNING CENTER: A NEW CENTER FOR WELLNESS AND GROWTH

NEADS is raising \$3M to build a Veterinary Clinic and new home for the Laura J. Niles Early Learning Center, continuing our *Foundations for the Future* fundraising initiative. *Foundations for the Future*, which began with the Kathy Foreman Client House, the Hawkins Foundation Canine Center, and the NEADS Breeding Center, is designed to expand our capacity to serve clients, modernize our facilities, and ensure NEADS remains a leader in Service Dog training for years to come.

### IMPACT STATEMENT

NEADS has always been deeply committed to the health and well-being of our World Class Service Dogs. Now, we're expanding our capacity for care with the construction of a dedicated veterinary clinic and surgical suite on our Princeton campus. This transformative project will also provide a brand-new home for our Laura J. Niles Early Learning Center, where future generations of Service Dogs take an important step on their life-changing journey.

The investment in comprehensive veterinary care and a purpose-built Early Learning Center will ensure our Service Dogs are healthy, well-adjusted, and well-prepared to make a profound difference in the lives of the people they serve.

#### Why This Project Matters:

- **Unparalleled care, on site:** This new facility will allow NEADS to provide the majority of veterinary care directly on our campus, increasing safety and efficiency, and reducing stress for our dogs. Our Director of Veterinary Medicine will oversee every aspect of their care, ensuring they receive the best possible treatment in a familiar environment.
- **Cost savings and efficiency:** Centralizing veterinary care means less reliance on outside providers, making a positive impact on our budget and streamlining processes.
- **A revitalized Early Learning Center:** The expanded Early Learning Center will provide an enriching environment for our youngest puppies to learn, play, and socialize, helping prepare them to become the exceptional Service Dogs that change lives.

Your generosity has made each phase of our Foundations for the Future initiative a success, and we invite you to support this next phase, where we ensure the health and well-being of our purpose-bred dogs, nurture future generations of Service Dogs, and ultimately, change lives.

NEADS Inc. is a not-for-profit organization that was established in 1976 and has trained more than 2,000 Service Dog teams since our founding. NEADS is accredited by Assistance Dogs International, the internationally recognized governing body that establishes industry standards and practices.

Today, NEADS offers the widest array of Service Dog programs in the industry, while still holding true to our core mission of producing Service Dogs for individuals with disabilities. We are proud of our reputation as a pioneer, leader, and innovator.

Our dogs are highly trained to:

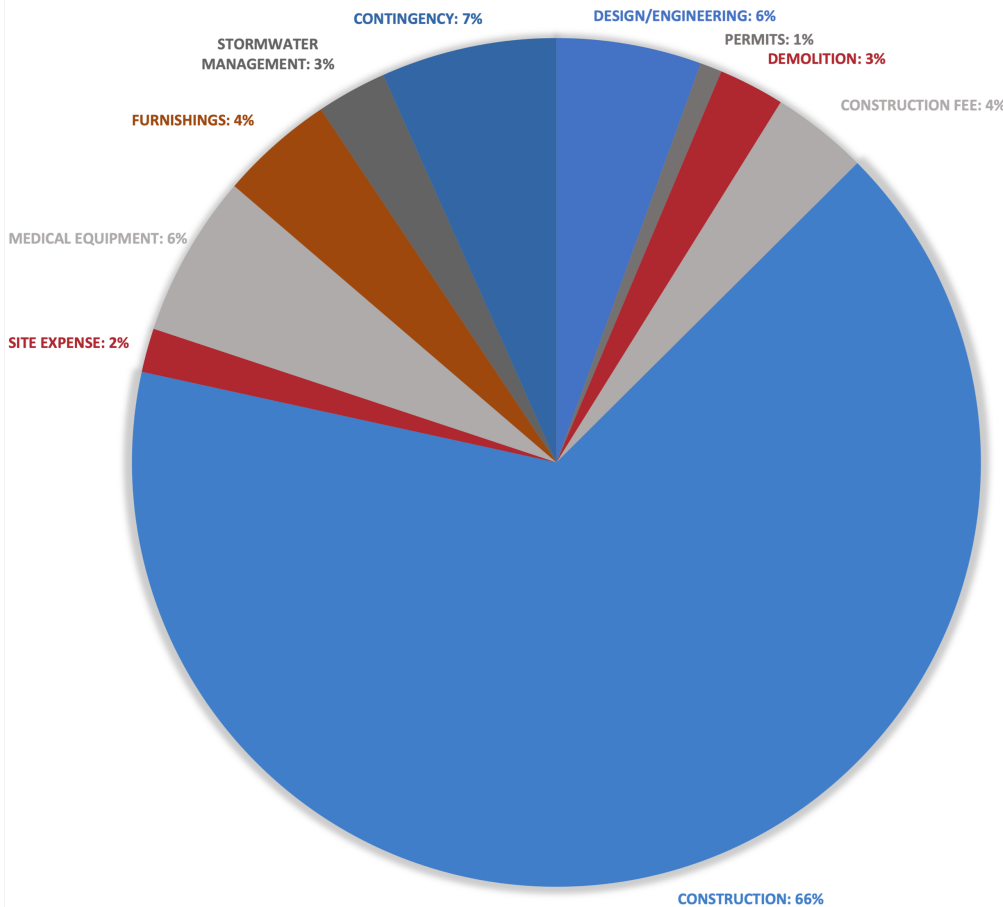

- Provide independence when matched with people who are deaf or have physical disabilities, and also with veterans who have PTSD
- Promote confidence and socialization when matched with children who have autism or other developmental disabilities
- Provide integrated therapeutic assistance when matched with caring professionals in settings like classrooms, hospitals, courthouses, mental health practices, and the ministry

## FUNDRAISING GOALS

To fund the Veterinary Clinic and Early Learning Center project, NEADS Board of Directors and Staff is continuing the *Foundations for the Future* initiative, which began with the Kathy Foreman Client House, Hawkins Foundation Canine Center, and NEADS Breeding Center. This \$3M goal includes all costs associated with the project:
